

L'AZIENDA.

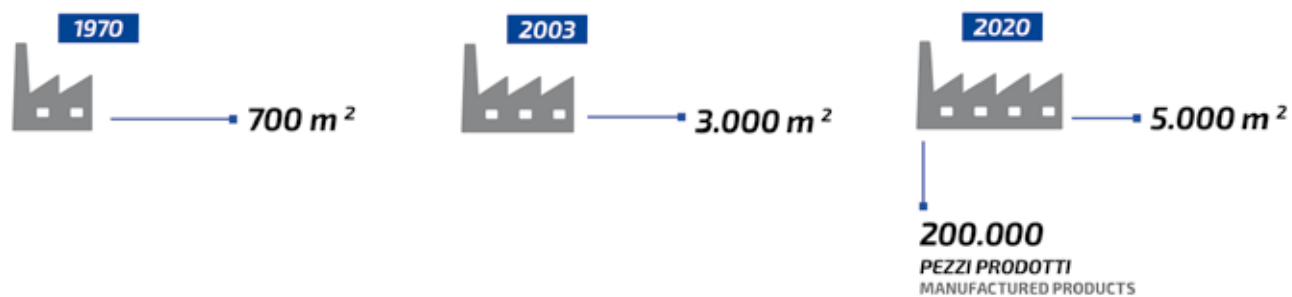

Dal 1970, IDRAL si dedica alla progettazione e produzione di rubinetti e prodotti sanitari per ambienti aperti al pubblico.

*L'azienda vanta una solida esperienza, competenze manifatturiere all'avanguardia e tutta l'agilità necessaria per soddisfare le esigenze di un mercato sempre più competitivo, sia in termini di **qualità** che di **time-to-market**.*

THE COMPANY.

IDRAL has been engaged in the design and production of taps and sanitary products for public and commercial places since 1970.

The company boasts a solid experience, manufacturing expertise and all the agility necessary to meet the needs of an increasingly competitive environment, both in terms of **quality** and **time-to-market**.

IDRAL. LA QUALITÀ.

La nostra strategia aziendale, volta al raggiungimento di elevati standard qualitativi, comprende anche il nostro stabilimento, dotato delle tecnologie più all'avanguardia, che si sviluppa su un'area di 12.000 metri quadrati.

Qui le più sofisticate attrezzature consentono la progettazione e la realizzazione di prodotti innovativi nel design e nel valore tecnologico.

L'obiettivo di Idral è quello di realizzare una produzione di alto livello, per assicurare la migliore qualità ed un servizio di eccellenza ai propri clienti.

La qualità e i materiali di produzione della rubinetteria Idral, costantemente monitorata e testata, sono comprovati da varie certificazioni internazionali, che ne attestano l'elevato standard, tra queste ISO 9001:2015, EN 12164 e EN 12168:98 per gli articoli torniti, EN 12165 per gli articoli stampati e EN 1982:2001 per tutta la produzione di fonderia.

IDRAL. THE QUALITY.

IDRAL's corporate strategy, aimed at achieving high quality standards, includes our 12,000 square meters factory equipped with the latest technology.

Here the most sophisticated equipment enable to design and to manufacture innovative products.

IDRAL's goal is obtaining a high level production in order to guarantee the greatest quality and an excellent customer satisfaction.

The quality of materials and the production are constantly checked, tested and guaranteed by several international certifications that endorse our high quality, including the ISO 9001:2015, EN 12164 and EN 12168:98 for turned items, EN 12165 for pressed items and EN 1982:2001 for all foundry production.

LA SCATOLA AD INCASSO IL SEGRETO DELLA FACILE INSTALLAZIONE E DELLA MODULARITÀ

La caratteristica distintiva di questa serie è l'intercambiabilità dei dispositivi, attraverso l'aggancio tra la scatola e le parti tecniche di funzionamento progettato in modo che le due parti possano essere installate in tempi diversi o che comunque ci sia sempre la possibilità di cambiare il tipo di dispositivo all'interno della scatola anche dopo l'incasso nel muro, a condizione che il nuovo dispositivo rispetti gli allacciamenti idrici del precedente. La scatola garantisce l'isolamento stagno del muro nel quale viene incassato il rubinetto, qualsiasi traccia d'acqua (perdita, umidità) viene espulsa all'esterno della parete mediante un canale di scarico appositamente studiato.

THE WALL-MOUNTED BOX MAKE INSTALLATION EASY FOR A VERSATILE SOLUTION

The distinctive feature of this series is the interchangeability of the devices, through the lock between the box and the technical operating parts, prepared to be installed at different times. Besides, there is always the possibility of changing the type of tap hooked to the box even after it is installed into the wall, whenever the new product respects the water connections of the previous one. The box guarantees the watertight insulation of the wall in which the tap is embedded, any trace of water (leakage, humidity) is expelled outside the wall through a specially designed drain channel.

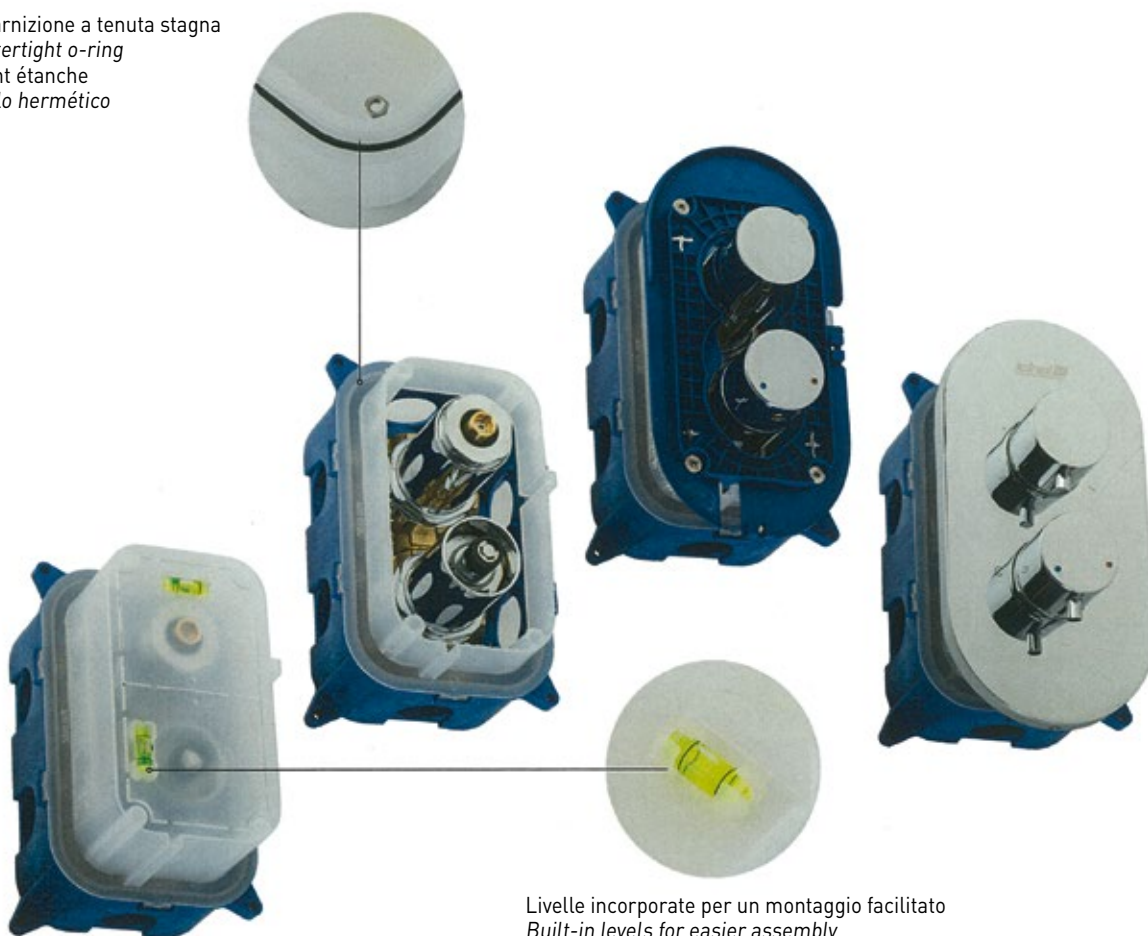

LA BOÎTE EMPOTRÉE UNE INSTALLATION FACILE POUR UNE SOLUTION POLYVALENTE

La particularité de cette série est l'interchangeabilité des dispositifs, par l'accouplement entre le boîte et le robinet de sorte que les deux parties puissent être installées à des moments différents ou qu'en tout cas il y ait toujours la possibilité de changer le type de robinet à l'intérieur de la boîte même après son encastrement dans le mur à condition que le nouveau robinet respecte les raccordements d'eau du précédent. La boîte garantit une isolation étanche du mur dans lequel est encastré le robinet, toute trace d'eau (fuite, humidité) est expulsée à l'extérieur du mur par une rigole d'évacuation.

LA CAJA EMPOTRADA FACILITA LA INSTALACIÓN PARA UNA SOLUCIÓN VERSÁTIL

La característica distintiva de esta serie es la intercambiabilidad de los aparatos, mediante el acoplamiento entre la caja de empotrar y el grifo de forma que las dos partes pueden instalarse en momentos diferentes o en todo caso siempre existe la posibilidad de cambiar el tipo de grifo dentro de la caja incluso después de empotrar en la pared a condición de que el nuevo grifo respete las conexiones de agua del anterior. La caja garantiza el aislamiento estanco de la pared en la que se empotra la grifería, cualquier resto de agua (fugas, humedad) es expulsada al exterior de la pared a través de un canal de desagüe.

PROGETTAZIONE DI SERVIZI IGIENICI PER DIVERSAMENTE ABILI

Al momento della redazione del presente documento, la legislazione italiana, nell'ambito della progettazione edilizia per l'abbattimento delle barriere architettoniche prevede essenzialmente due decreti ufficiali:

- D.M. 14 giugno 1989, n° 236

"Prescrizioni tecniche necessarie a garantire l'accessibilità, l'adattabilità e la visitabilità degli edifici privati e di edilizia residenziale pubblica sovvenzionata e agevolata, ai fini del superamento e dell'eliminazione delle barriere architettoniche."

- D.P.R. 24 luglio 1996, n° 503

"Regolamento recante norme per l'eliminazione delle barriere architettoniche negli edifici, spazi e servizi pubblici."

Le prescrizioni dimensionali per la progettazione e realizzazione dei passaggi obbligati e degli spazi di manovra atti a garantire l'accesso ai locali igienici da parte dei soggetti diversamente abili, in particolare a quelli su sedia a ruote, sono riportate nel DM 236/89 ai punti 4.1.6, 8.0.2. e 8.1.6, ai quali fa riferimento anche il successivo DPR 503/96.

Le suddette norme sono valide a livello nazionale, ma esistono specifiche e integrazioni legislative a livello regionale che devono essere valutate in fase di progettazione; consigliamo quindi di interpellare le A.S.L. di competenza per avere eventuali delucidazioni.

Estratti da DM 236/89

Capo I Generalità

Art. 1 - Campo di Applicazione

Le norme contenute nel presente decreto si applicano:

- 1) agli edifici privati di nuova costruzione, residenziali e non, ivi compresi quelli di edilizia residenziale convenzionata;
- 2) agli edifici di edilizia residenziale pubblica sovvenzionata ed agevolata, di nuova costruzione;
- 3) alla ristrutturazione degli edifici privati di cui ai precedenti punti 1) e 2), anche se preesistenti alla entrata in vigore del presente decreto;
- 4) agli spazi esterni di pertinenza degli edifici di cui ai punti precedenti.

Art. 2 - Definizioni

Ai fini del presente decreto:

A) Per barriere architettoniche si intendono:

- a) gli ostacoli fisici che sono fonte di disagio per la mobilità di chiunque ed in particolare di coloro che, per qualsiasi causa, hanno una capacità motoria ridotta o impedita in forma permanente o temporanea;
- b) gli ostacoli che limitano o impediscono a chiunque la comoda e sicura utilizzazione di parti, attrezzature o componenti;
- c) la mancanza di accorgimenti e segnalazioni che permettono l'orientamento e la riconoscibilità dei luoghi e delle fonti di pericolo per chiunque e in particolare per i non vedenti, per gli ipovedenti e per i sordi.

[omissis...]

- G) Per accessibilità si intende la possibilità, anche per persone con ridotta o impedita capacità motoria o sensoriale, di raggiungere l'edificio e le sue singole unità immobiliari e ambientali, di entrarvi agevolmente e di fruirne spazi e attrezzature in condizioni di adeguata sicurezza e autonomia.
- H) Per visitabilità si intende la possibilità, anche da parte di persone con ridotta o impedita capacità motoria o sensoriale, di accedere agli spazi di relazione e ad almeno un servizio igienico di ogni unità immobiliare. Sono spazi di relazione gli spazi di soggiorno o pranzo dell'alloggio e quelli dei luoghi di lavoro, servizio ed incontro, nei quali il cittadino entra in rapporto con la funzione ivi svolta.
- I) Per adattabilità si intende la possibilità di modificare nel tempo lo spazio costruito a costi limitati, allo scopo di renderlo completamente ed agevolmente fruibile anche da parte di persone con ridotta o impedita capacità motoria o sensoriale.

[omissis...]

Capo II Criteri di progettazione

[omissis...]

4.1.6 Servizi igienici

Nei servizi igienici devono essere garantite, con opportuni accorgimenti spaziali, le manovre di una sedia a ruote necessarie per l'utilizzazione degli apparecchi sanitari.

Deve essere garantito in particolare:

- lo spazio necessario per l'accostamento laterale della sedia a ruote alla tazza e, ove presenti, al bidet, alla doccia, alla vasca da bagno, al lavatoio alla lavatrice;
- lo spazio necessario per l'accostamento frontale della sedia a ruote al lavabo, che deve essere del tipo a mensola;
- la dotazione di opportuni corrimano e di un campanello di emergenza posto in prossimità della tazza e della vasca.

Si deve dare preferenza a rubinetti con manovra a leva e, ove prevista, con l'erogazione dell'acqua calda regolabile mediante miscelatori termostatici, e a porte scorrevoli o che aprono verso l'esterno.

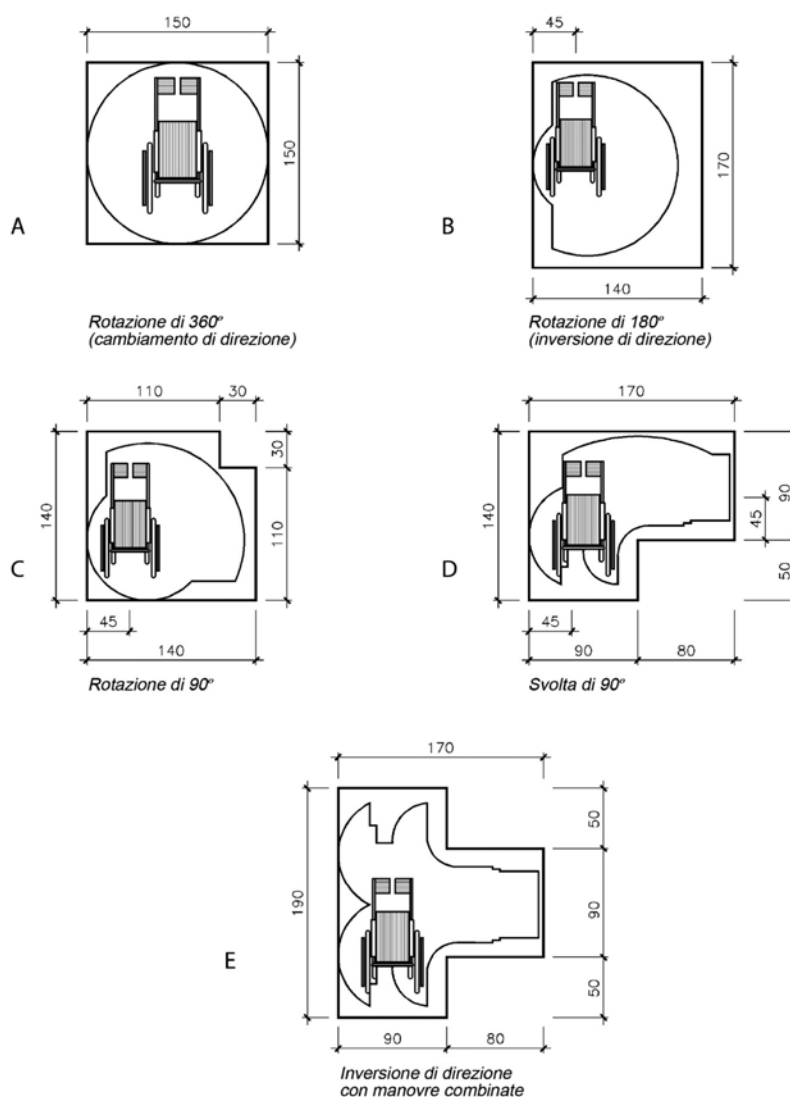

(Per le specifiche vedi 8.1.6).

Capo IV Specifiche e soluzioni tecniche

[omissis...]

8.0.2 Spazi di manovra con sedia a ruote

Gli spazi di manovra, atti a consentire determinati spostamenti alla persona su sedia a ruote, sono i seguenti:

8.1.6 Servizi igienici

Per garantire la manovra e l'uso degli apparecchi anche alle persone con impedita capacità motoria, deve essere previsto, in rapporto agli spazi di manovra di cui al punto 8.0.2, l'accostamento laterale alla tazza w.c., bidè, vasca, doccia, lavatrice e l'accostamento frontale al lavabo.

A tal fine devono essere rispettati i seguenti minimi dimensionali:

- lo spazio necessario all'accostamento e al trasferimento laterale dalla sedia a ruote alla tazza w.c. e al bidet, ove previsto, deve essere minimo 100 cm misurati dall'asse dell'apparecchio sanitario;
- lo spazio necessario all'accostamento laterale della sedia a ruote alla vasca deve essere minimo di 140 cm lungo la vasca con profondità minima di 80 cm;
- lo spazio necessario all'accostamento frontale della sedia a ruote al lavabo deve essere minimo di 80 cm misurati dal bordo anteriore del lavabo.

Relativamente alle caratteristiche degli apparecchi sanitari inoltre:

- i lavabi devono avere il piano superiore posto a cm 80 dal calpestio ed essere sempre senza colonna con sifone preferibilmente del tipo accostato o incassato a parete;
- i w.c. e i bidet preferibilmente sono del tipo sospeso, in particolare l'asse della tazza w.c. o del bidet deve essere posto ad una distanza minima di cm 40 dalla parete laterale, il bordo anteriore a cm 75-80 dalla parete posteriore e il piano superiore a 45-50 cm dal calpestio. Qualora l'asse della tazza - w.c. o bidet sia distante più di 40 cm dalla parete, si deve prevedere, a cm 40 dall'asse dell'apparecchio sanitario un maniglione o corrimano per consentire il trasferimento;
- la doccia deve essere a pavimento, dotata di sedile ribaltabile e doccia a telefono;

Negli alloggi accessibili di edilizia residenziale sovvenzionata di cui al capo II art. 3 deve inoltre essere prevista l'attrezzabilità con maniglioni e corrimano orizzontali e/o verticali in vicinanza degli apparecchi; il tipo e le caratteristiche dei maniglioni o corrimano devono essere conformi alle specifiche esigenze riscontrabili successivamente all'atto dell'assegnazione dell'alloggio e posti in opera in tale occasione.

Nei servizi igienici dei locali aperti al pubblico è necessario prevedere e installare il corrimano in prossimità della tazza w.c., posto ad altezza di cm 80 dal calpestio, e di diametro cm 3 - 4; se fissato a parete deve essere posto a cm 5 dalla stessa. Nei casi di adeguamento è consentita la eliminazione del bidet e la sostituzione della vasca con una doccia a pavimento al fine di ottenere anche senza modifiche sostanziali del locale, uno spazio laterale di accostamento alla tazza w.c. e di definire sufficienti spazi di manovra.

Negli alloggi di edilizia residenziale nei quali è previsto il requisito della visitabilità, il servizio igienico si intende accessibile se è consentito almeno il raggiungimento di una tazza w.c. e di un lavabo, da parte di persona su sedia a ruote. Per raggiungimento dell'apparecchio sanitario si intende la possibilità di arrivare sino alla diretta prossimità di esso, anche senza l'accostamento laterale per la tazza w.c. e frontale per il lavabo.

È la nuova soluzione che lava, insapona, sciacqua e asciuga le mani, tutto in uno, con un disegno compatto. È un lavabo multifunzione a parete realizzato in Solid Surface, completo di erogatore acqua, dispenser sapone e asciugamani ad aria. Tutti i suoi dispositivi sono elettronici e temporizzati a favore di un risparmio d'acqua, di energia e di una maggiore e più facile pulizia. Il funzionamento con il semplice passaggio delle mani lo rende accessibile a tutti, pratico anche per le persone in condizione di mobilità ridotta. Può essere utilizzato come singolo elemento o come modulo affiancato per allestire grandi spazi.

It is the new solution that washes, rinses and dries your hands, all in one, with a compact design. Multi-functional wall mounted basin made of Solid Surface equipped with water dispenser, soap dispenser and hand dryer. All its devices are electronic and time-controlled to guarantee water and energy saving and easier cleaning. The activation with the simple passage of the hands makes it accessible to everyone, practical also for the people with reduced mobility. It can be used as a single element, or a side-by-side module to set up larger spaces.

Le lavabo multifonctionnel mural en résine blanche (Solid Surface) est fourni de distributeur d'eau, de savon et sèche-mains. Tous ses appareils sont électriques et temporisés en faveur d'économies d'eau, d'énergie et d'un nettoyage plus grand et plus facile. Le fonctionnement effectué avec le passage simple des mains le rend accessible à tout le monde, aussi pratique pour les personnes avec mobilité réduite. Il peut être utilisé en tant qu'élément unique ou en tant que module côte à côte pour configurer des grands espaces.

El lavabo multifunción a pared en resina blanca (Solid Surface) es equipado con dispensador de agua, de jabón y secador de aire. Todos los dispositivos son electrónicos y temporizados a favor de un ahorro de agua, de energía y una mayor y más fácil limpieza. Su funcionamiento a través del simple pasaje de las manos lo hace accesible a todos, práctico también para personas con movilidad reducida. Se puede utilizar como elemento único o como un módulo de lado a lado para configurar espacios grandes.

SERIE OTTO, L'INCONTRO DI DUE MONDI IN UN'UNICA SOLUZIONE

Ildral spa quest'anno con la serie OTTO propone una soluzione tecnica innovativa che coniuga stile e design in un unico prodotto. La serie OTTO propone diversi prodotti che nascono da ricerche approfondite sui materiali, sui processi industriali, sul mercato, sulle interazioni con l'utente, sulle innovazioni tecniche e tecnologiche. In collaborazione con il designer Luca Papini, abbiamo dato vita ad una gamma di prodotti che uniscono trasversalmente i due mondi dell'innovazione tecnologica e del design.

Il designer Luca Papini spiega:

"OTTO nasce sia in versione miscelatore che mono acqua, entrambe con il controllo dell'erogazione attraverso una fotocellula per garantire il massimo risparmio idrico.

La serie è disponibile nelle varie finiture cromo, bianco, nero opaco, oro, nickel e oro rosa / rame in finitura spazzolata.

Le forme morbide del rubinetto OTTO si enfatizzano per una cover nella parte superiore che aiuta l'ispezione e permette la personalizzazione bicolore del prodotto".

SERIES "OTTO" WHERE TWO WORLDS MEET IN A SINGLE SOLUTION

Series OTTO by Ildral S.p.a is an Innovative, well-engineered technical solution, with an appealing style oozing artistic charm - innovation and design all in one item. This series includes products of actual design born from extensive research on materials and industrial processes, on the market, on interactions with the user, on technical innovations and technology. In collaboration with the designer Luca Papini, we designed a range of items that unite the two worlds of the technical innovation and design.

The designer Luca Papini says:

"OTTO comes in a single-water version as well as in a mixer version, both of them with control of the water flow through a photocell to ensure maximum water savings. The series is available in chrome, white and matt black finishes as well as in gold, nickel and brushed finished rose gold/copper versions. The soft shapes of OTTO taps feature a cover in the upper part, that helps maintenance and allows customization of the product, by the change of the colours".

SÉRIE "OTTO", LA RENCONTRE DE DEUX MONDES EN UNE SEULE SOLUTION

Avec la série OTTO, la société "Ildral S.p.a" propose une solution technique innovatrice avec un design fascinant en un seul article. Cette série de produits, au design professionnel, est le fruit de recherches approfondies sur les matériaux, les processus industriels, la demande du marché, les interactions avec l'utilisateur et les innovations techniques/technologiques.

En collaboration avec le designer Luca Papini, nous avons créé une série de produits polyvalents qui combinent transversalement les deux mondes du design et de l'innovation technologique.

Le designer Luca Papini a affirmé: "OTTO est disponible en version mitigeur et version robinet simple, toutes deux dotées d'une photocellule qui contrôle l'écoulement de l'eau pour assurer une économie d'eau maximale. La série est disponible en différentes finitions: chrome, blanc et noir opaque, mais aussi en version nickel ou-rose/cuivre à finition brossée. Les formes souples du robinet OTTO sont caractérisées par l'ouverture supérieure assurant l'inspection et permettant de personnaliser le mitigeur à travers le change des couleurs".

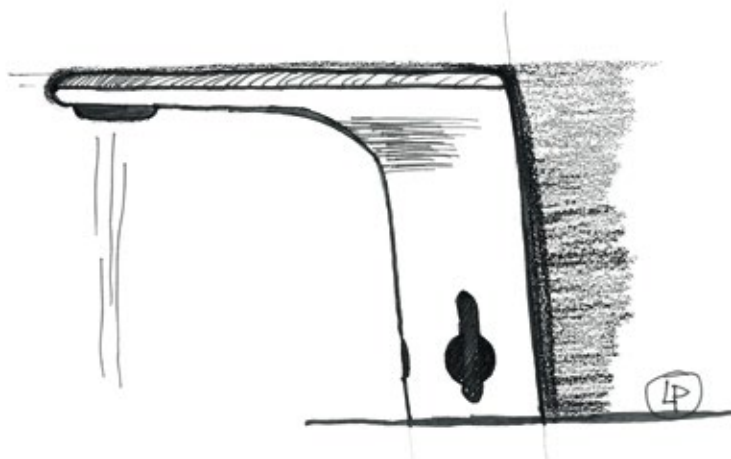

SERIE "OTTO", EL ENCUENTRO DE DOS MONDOS EN UNA ÚNICA SOLUCIÓN

Ildral S.p.a, con la serie OTTO propone una solución técnica que combina innovación y diseño en el mismo producto. La serie OTTO resulta de investigaciones profundas sobre los materiales, los procesos industriales, el mercado, las interacciones con el usuario, las innovaciones técnicas y tecnológicas.

En colaboración con el diseñador Luca Papini, hemos realizado una gama de productos que unen transversalmente los dos mundos del diseño y del progreso tecnológico.

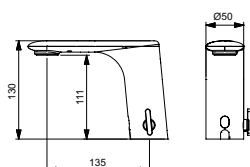

Le diseñador Luca Papini dice:

"OTTO nace tanto en versión mezclador como mono agua, ambas con el control del flujo de agua a través de una fotocélula, para garantizar el máximo ahorro hídrico. La serie está disponible en los diferentes acabados cromo, blanco y negro opaco, oro, níquel y oro rosado/cobre con acabado cepillado. Las formas suaves del grifo OTTO se caracterizan por una cobertura en la parte superior, que ayuda la inspección y permite la personalización del mezclador por medio del cambio de los colores".

Rubinetti **OLTREMURO** **CROSS WALL** taps

IDRAL, con la serie OLTREMURO prevede soluzioni su misura in grado di studiare prodotti personalizzati, prevedendo progetti specifici e prototipi pilota.

La serie è stata concepita come variante di rubinetti e bocche di erogazione tradizionali in modo che l'installazione possa essere effettuata in uno spazio "nascosto" all'utente e quindi con caratteristiche specifiche di antivandalismo e antimpiccagione. La serie OLTREMURO, oltre a garantire tutti i requisiti specifici della rubinetteria temporizzata, è la soluzione ideale laddove le esigenze di sicurezza e robustezza sono particolarmente elevate.

Facci sapere come possiamo aiutarti e saremo lieti di studiare una soluzione su misura per te.

With the OLTREMURO(CROSS WALL) series, IDRAL provides tailor-made solutions able to study customized products, including specific projects and pilot prototypes.

The series has been conceived as a variant of traditional taps and spouts so that the installation can be carried out in a "hidden" space to the user and therefore with specific characteristics of anti-vandalism and anti-hanging. The OLTREMURO(CROSS WALL) series, in addition to guaranteeing all the specific requirements of self closing taps, is the ideal solution where safety and robustness needs are particularly high.

Let us know how we can help you and we will be happy to study a tailored solution for you.

IDRAL, avec la série TRAVERS CLOISON propose des solutions sur mesure permettant d'étudier des produits personnalisés, des projets spécifiques et des prototypes pilotes.

La série a été conçue comme une variante des robinets et des becs traditionnels, de sorte que l'installation puisse être réalisée dans un espace caché pour l'utilisateur et donc avec des caractéristiques spécifiques de anti-vandalisme et d'anti-pendaison. La série TRAVERS CLOISON, en plus de garantir toutes les exigences spécifiques des robinets temporisés, est la solution idéale où les exigences en matière de sécurité et de robustesse sont particulièrement élevées.

Dites-nous comment nous pouvons vous aider et nous serons heureux d'étudier une solution sur mesure pour vous.

IDRAL, con la serie TRAS TABIQUE ofrece soluciones a petición para estudiar productos personalizados, incluso proyectos específicos y prototipos piloto.

La serie se ha concebido como una variante de los grifos y caño tradicionales para que la instalación pueda llevarse en un espacio "oculto" al usuario y por tanto con características específicas de vandalismo y anti-ahorcamiento. La serie TRAS TABIQUE, además de garantizar todos los requisitos específicos de los grifos temporizados, es la solución ideal donde los requisitos de seguridad y robustez son particularmente altos.

Háganos saber cómo podemos ayudarte y estaremos encantados de estudiar una solución personalizada para ti.

CHE COS'È UN CONDIZIONATORE D'ACQUA ACTIVFLO?

ActivFlo è un condizionatore d'acqua catalitico progettato per aiutare a proteggere e ridurre la formazione di calcare nei sistemi fluidi. L'unità è predisposta per essere installata sulla rete in ingresso nelle proprietà o per una protezione indipendente sui componenti del sistema.

WHAT IS AN ACTIVFLO WATER CONDITIONER?

ActivFlo is a catalytic water conditioner designed to help protect and reduce limescale formations in fluid systems. The unit is designed to be installed onto the incoming water supply in properties or for an independent protection on system components.

QU'EST QUE C'EST UN CONDITIONNEUR D'EAU ACTIVFLO?

Activflo est un conditionneur d'eau catalytique conçu pour protéger et réduire la formation de calcaire dans les systèmes fluides. L'unité est conçue pour être installée sur le réseau entrant dans les propriétés ou pour assurer une protection indépendante sur les composants du système.

QUÉ ES UN ACONDICIONADOR DE AGUA ACTIVFLO?

Activflo es un acondicionador de agua catalítico diseñado para proteger y reducir la formación de piedra caliza en sistemas fluidos. La unidad está diseñada para ser instalada en la red que entra en las propiedades o para proporcionar protección independiente sobre los componentes del sistema.

cucina

LK01: LE DESIGN QUI MET LA TECHNOLOGIE AU SERVICE DE L'ENVIRONNEMENT

Le nouveau mitigeur électronique pour la cuisine est une fois de plus le résultat de la collaboration entre Idral et le designer Luca Papini, créé dans le but d'améliorer l'expérience dans la cuisine en optimisant la consommation d'eau et d'énergie.

En effet, ce produit, outre l'avantage de n'être activé qu'en cas de besoin d'un simple geste devant le capteur, dispose également d'une version avec une cartouche progressive, minimisant ainsi la consommation d'énergie.

Il est disponible avec un bec pivotant et avec une douchette extractible et, en plus du chrome, d'autres finitions métalliques particulières sont disponibles.

LK01: IL DESIGN CHE METTE LA TECNOLOGIA AL SERVIZIO DELL'AMBIENTE

Il nuovo miscelatore elettronico per cucina è ancora una volta frutto della collaborazione di Idral con il designer Luca Papini, nato allo scopo di migliorare l'esperienza in cucina ottimizzando il consumo d'acqua e di energia.

Questo prodotto infatti, oltre al vantaggio di attivarsi solo al bisogno con un semplice gesto davanti al sensore, ha anche una versione con cartuccia progressiva minimizzando così il consumo energetico.

E' disponibile con canna girevole e con doccetta estraibile e, oltre al cromato, sono previste altre finiture metalliche particolari.

LK01: DESIGN THAT PUTS TECHNOLOGY AT THE SERVICE OF THE ENVIRONMENT

The new electronic kitchen mixer is once again the result of Idral's collaboration with designer Luca Papini, created with the aim of improving the kitchen experience by optimising water and energy consumption.

In fact, this product, in addition to the advantage of activating the water flow only when needed with a simple gesture in front of the sensor, also has a version with a progressive cartridge, thus minimising energy consumption.

It is available with a swivel spout and pull-out spray and, in addition to chrome, other special metal finishes are foreseen.

LK01: EL DISEÑO QUE PONE LA TECNOLOGÍA AL SERVICIO DEL MEDIO AMBIENTE

El nuevo mezclador electrónico para cocina es, una vez más, fruto de la colaboración entre Idral y el diseñador Luca Papini, creado con el objetivo de mejorar la experiencia en la cocina optimizando el consumo de agua y energía.

De hecho, este producto, además de la ventaja de activarse solo cuando se necesita con un simple gesto frente al sensor, también cuenta con una versión con cartucho progresivo, minimizando así el consumo de energía.

Está disponible con caño giratorio y con teleducha extraíble y, además del cromado, están disponibles otros acabados metálicos particulares.

Informativa sul trattamento dei dati personali (ex art.13 GDPR n. 679/2016)

Information on the processing of personal data (pursuant to Art. 13 of UE Regulation 2016/679 GDPR)

IDRAL SPA, con sede legale in via ISEI 8/10 28010 GARGALLO (NO), P.IVA 00124610031 in qualità di titolare del trattamento di dati personali, informa gli interessati che i dati personali saranno trattati nel rispetto dei principi di protezione stabiliti dal Regolamento UE n. 2016/679 (GDPR).

Finalità del Trattamento dei Dati raccolti

I Dati personali dell'interessato sono raccolti per consentire al Titolare di fornire i propri Servizi e/o adempiere obblighi contrattuali.

Pertanto il trattamento dei dati ha le seguenti finalità:

- permettere di fruire dei Servizi eventualmente richiesti;
- processare una richiesta di contatto;
- adempiere obblighi di legge connessi a rapporti commerciali
- adempiere obblighi fiscali o contabili
- marketing (analisi statistiche e indagini di mercato)
- verifiche del grado di soddisfazione della clientela sui prodotti

L'eventuale rifiuto nel consentire il trattamento dei dati comporta l'impossibilità di usufruire del servizio richiesto dall'interessato.

Solo previo specifico e distinto consenso, i dati personali sono utilizzati per le seguenti Altre Finalità:

- inviare via e-mail Newsletter riguardanti promozioni e aggiornamenti commerciali, presentazioni di nuovi prodotti e soluzioni tecniche, inviti ad eventi e fiere a cui partecipa il Titolare.

Modalità del trattamento

Il Titolare adotta le opportune misure di sicurezza volte ad impedire l'accesso, la divulgazione, la modifica o la distruzione non autorizzate dei Dati Personali. Il trattamento viene effettuato mediante strumenti informatici e/o telematici e/o cartacei, con modalità organizzative e con logiche strettamente correlate alle finalità.

Base Giuridica

Il conferimento dei dati è obbligatorio per tutto quanto è richiesto dagli obblighi legali e contrattuali e pertanto l'eventuale rifiuto a fornirli in tutto o in parte può dar luogo all'impossibilità di fornire i servizi richiesti.

La società tratta i dati facoltativi degli utenti in base al consenso, ossia mediante l'approvazione esplicita della presente policy privacy e in relazione alle modalità e finalità di seguito descritte.

Categorie di destinatari

Nella gestione dei dati, inoltre, possono venire a conoscenza degli stessi le seguenti categorie di persone autorizzate e/o responsabili esterni individuati per iscritto ed ai quali sono state fornite specifiche istruzioni scritte circa il trattamento dei dati:

- personale dipendente autorizzato
- responsabili del trattamento esterni designati, che svolgono attività di outsourcing per conto del Titolare (hosting provider, società informatiche, agenzie di comunicazione).

L'elenco aggiornato degli incaricati interni e dei Responsabili esterni potrà sempre essere richiesto al Titolare del Trattamento.

Comunicazione dei dati

Senza espresso consenso dell'interessato, il Titolare potrà comunicare i dati per le finalità di cui sopra a Organismi di vigilanza, Autorità giudiziarie nonché a tutti gli altri soggetti ai quali la comunicazione sia obbligatoria per legge per l'espletamento delle finalità dette. I Vostri dati non saranno oggetto di diffusione.

Periodo di conservazione

I Dati sono trattati e conservati per il tempo richiesto dalle finalità per le quali sono stati raccolti:

- I dati obbligatori ai fini contrattuali e contabili sono conservati per il tempo necessario allo svolgimento del rapporto commerciale e contabile;
- I dati di chi non acquista o usufruisce di prodotti/servizi, pur avendo avuto un precedente contatto con dei rappresentanti dell'azienda, saranno immediatamente cancellati o trattati in forma anonima, ove la loro conservazione non risulti altrimenti giustificata, salvo che sia stato acquisito validamente il consenso informato degli interessati relativo ad una successiva attività di promozione commerciale o ricerca di mercato. Il periodo di conservazione dei dati è: 10 anni dalla cessazione del rapporto.

Diritti dell'interessato

Ai sensi del Regolamento europeo 679/2016 (GDPR) e della normativa nazionale, l'interessato può, secondo le modalità e nei limiti previsti dalla vigente normativa, esercitare i seguenti diritti:

- richiedere la conferma dell'esistenza di dati personali che lo riguardano (diritto di accesso);
- conoscerne l'origine;
- ricevere comunicazione intelligibile;
- avere informazioni circa la logica, le modalità e le finalità del trattamento;
- richiederne l'aggiornamento, la rettifica, l'integrazione, la cancellazione, la trasformazione in forma anonima, il blocco dei dati trattati in violazione di legge, ivi compresi quelli non più necessari al perseguimento degli scopi per i quali sono stati raccolti;
- nei casi di trattamento basato su consenso, ricevere i propri dati forniti al titolare, in forma strutturata e leggibile da un elaboratore di dati e in un formato comunemente usato da un dispositivo elettronico;
- il diritto di presentare un reclamo all'Autorità di controllo.

Modalità di esercizio dei diritti

Potrete in qualsiasi momento esercitare i diritti inviando:

- una raccomandata a.r. alla IDRAL SPA, Via IseI 8/10, 28010 GARGALLO (NO) oppure una e-mail all'indirizzo privacy@idral.it

Titolare

Il Titolare del trattamento è IDRAL SPA con sede legale in Via IseI 8/10, 28010 GARGALLO (NO).

Modifiche alla presente Informativa

La presente Informativa può subire variazioni. Si consiglia, quindi, di controllare regolarmente questa Informativa e di riferirsi alla versione più aggiornata pubblicata su www.idral.it

IDRAL SPA, with registered office in via ISEI 8/10, 28010 GARGALLO (NO), Italy, VAT number 00124610031, with its role as personal data Controller, informs the data subjects that personal data shall be processed according to the data protection principles established in the UE Regulation 2016/679 (GDPR).

The purposes of the processing of collected data

Personal data of the data subject are collected to enable the Controller to provide Services and/or fulfil contractual obligations. Therefore, the purposes of data processing are the following:

- allow the use of potentially required Services;
- process a contact request;
- fulfil legal obligations related to commercial relationships;
- fulfil tax and accounting obligations;
- marketing (statistical analyses and market researches);
- assessment of the customer satisfaction regarding the products.

Should the data subject not allow the data processing, he or she will not be able to use the required service.

Only upon specific and clear consent, personal data are used for the following additional purposes:

- send Newsletter via email regarding commercial promotions and updates, presentations of new products and technical solutions, invites to events and trade fairs in which the Controller participates.

Methods of processing

The Controller shall take any suitable measure aimed at preventing non-authorized access, disclosure, alteration or destruction of personal data. Processing is carried out through computer and/or online and/or paper tools, and the organizational methods are strictly related to the purposes.

Legal basis

Data collection is mandatory according to that required by legal and contractual obligations and, therefore, refusing to provide such data, totally or partially, may impede the supply of the requested services. The company processes optional user data according to the consent, namely with the explicit approval of this privacy policy and depending on the methods and purposes described below.

Categories of addresses

Furthermore, the following categories of authorised people and/or external processors that are identified in writing and who have been given specific written instructions about data processing, may become aware of the data while such data are processed:

- authorised employees
- external designated processors who carry out outsourcing activities on behalf of the Controller (hosting providers, IT companies, communication agencies).

The updated list of the authorised employees and the external processors can be required at any time from the Controller.

Data transmission

The Controller is entitled to transmit data for the purposes described above without explicit consent of the data subject to oversight bodies, judicial authorities, as well as to any other subject whenever such transmission is legally required in order to achieve the abovementioned purposes. Your data will not be disseminated.

Storage duration

Data are processed and stored for the period necessary for the purposes the data initially were collected:

- Mandatory data for contractual and accounting purposes are stored for the time necessary to handle the commercial and accounting relationship;
- Data of those who do not buy or use products/services, despite having had a previous contact with any representative of the company, will immediately be erased or processed anonymously, unless the storage is otherwise justified, and provided the data subjects have duly given their informed consent regarding a subsequent commercial promotion or market research activity. The storage duration of data is: 10 years after termination of the relationship.

Rights of the data subject

Pursuant to the European Regulation 2016/679 (GDPR) and to the national legislation, the data subject can exercise the following rights within the limits and in accordance with the regulation in force:

- ask for the confirmation of the existence of personal data relating to him or her (access rights);
- be aware of their source;
- receive comprehensible communication of it;
- receive information regarding the logics, the methods and the purposes of the processing;
- request the update, rectification, integration, erasure, anonymous transformation, blocking of data processed illegally, including data that are no longer necessary to achieve the purposes they had been collected for;
- in the case of processing based on consent, the right to receive personal data concerning him or her which he or she has provided to the Controller in a structured, commonly used and machine-readable format;
- the right to lodge a complaint with a supervisory authority.

Procedure for the exercise of rights

You can exercise your rights at any time sending:

- a registered letter to IDRAL SPA, Via IseI 8/10, 28010 GARGALLO (NO), Italia or an e-mail to privacy@idral.it

Controller

The Controller is IDRAL SPA, with registered office in via ISEI 8/10, 28010 GARGALLO (NO), Italy.

Amendments of this Information document

This information document may be subject to amendments. It is therefore recommended to check this document on a regular basis and to refer to its latest version on www.idral.it

**1.1 Definizioni:**

- “Atto” indica la legge italiana e la disciplina dell’Unione Europea sulle normative tecniche e sulla sicurezza dei prodotti;
- “Venditore” indica Idral S.P.A., con sede in Via Isei 8/10 28010 Gargallo (NO), Italia, società che produce e commercializza i prodotti appartenenti al settore sanitario così come indicati sul proprio sito www.idral.it (qui di seguito i “Prodotti”) nonché i manufatti su richiesta e su modelli indicati dal cliente;
- “Acquirente” indica qualsiasi società che ha effettuato l’Ordine;
- “Condizioni” indica i presenti termini e le presenti condizioni contrattuali;
- “Informazioni riservate” indica qualsiasi informazione che una delle parti identifica come riservata ad esclusione delle informazioni disponibili di pubblico dominio a meno che tali informazioni non diventino di pubblico dominio a seguito di una violazione della riservatezza da parte dell’altra parte disciplinata nelle presenti Condizioni;
- “Diritti di proprietà industriale” indica tutti i diritti di proprietà industriale compresi i diritti attuali e futuri registrati e non registrati in relazione al copyright, marchi, segreti commerciali, know-how, informazioni riservate;
- “Ordine” indica il documento inviato dall’Acquirente indicante le specifiche tecniche del prodotto ordinato al Venditore, la quantità, il prezzo proposto dall’Acquirente al Venditore per la fornitura di Prodotti;
- “Conferma d’Ordine” indica il documento inviato dal Venditore in risposta all’Ordine dell’Acquirente in riferimento alle presenti Condizioni, alle specifiche tecniche del Prodotto richiesto dall’Acquirente, alla quantità di Prodotti richiesta nonché al prezzo per la fornitura di Prodotti;
- “Specifiche Tecniche” indica tutte le specifiche tecniche relative al tipo e alla qualità dei Prodotti riportate nell’Ordine se accettate dal Venditore nella sua Conferma d’Ordine;
- “Consegna” indica qualsiasi spedizione effettuata dal Venditore, nel corso dell’anno, in esecuzione della Conferma d’Ordine in conformità al termine di resa EXW Via Isei 8/10 28010 Gargallo (NO), Italia, come definito dagli Incoterms® ICC 2020, salvo diversamente pattuito nella Conferma d’Ordine;
- “Certificazione di Qualità” indica l’analisi effettuata da un laboratorio italiano di altamente qualificato al fine di attestare che il Prodotto è conforme alle Specifiche Tecniche concordate nella Conferma d’Ordine in caso di reclamo da parte dell’Acquirente;
- “Ispezione” indica qualsiasi tipo di ispezione effettuata dall’Acquirente al fine di verificare la conformità del Prodotto alle Specifiche Tecniche concordate nella Conferma d’Ordine.

2. Fornitura di Prodotti e Condizioni

- 2.1 Il Venditore si impegna a fornire e l’Acquirente si impegna ad acquistare i Prodotti secondo i termini stabiliti nelle presenti Condizioni.
- 2.2 Le presenti Condizioni regolano qualsiasi Ordine effettuato dall’Acquirente come accettato ed integrato dalla Conferma d’Ordine effettuata per iscritto dal Venditore.

3. Ordini

- 3.1 L’Acquirente trasmette al Venditore un Ordine per una determinata quantità di Prodotti, indicando il prezzo e le Specifiche Tecniche richieste. Tutti gli Ordini devono essere accettati dal Venditore con la Conferma d’Ordine per iscritto.
- 3.2 Un preventivo del Venditore non costituisce offerta vendita del Prodotto a cui si fa riferimento nel preventivo. A meno che il Venditore non abbia accettato di fissare i prezzi per periodi di tempo specificati, tutte le quotazioni scadono 3 giorni lavorativi dopo l’emissione e possono essere ritirate o modificate dal Venditore in qualsiasi momento.
- 3.3 Le presenti Condizioni prevarranno in caso di difformità con qualsiasi Ordine.

4. Prezzo e pagamento

- 4.1 Il prezzo dei Prodotti sarà quello indicato dal Venditore nella Conferma d’Ordine.
- 4.2 Salvo diverso accordo scritto del Venditore, il Venditore non è autorizzato a modificare il prezzo dei Prodotti concordato nella Conferma d’Ordine a meno che non dimostri un aumento del prezzo della materia prima superiore al 5% (cinque per cento).
- 4.3 Ferme restando le presenti Condizioni, i Prodotti forniti dal Venditore dovranno essere pagati secondo il termine indicato nella Conferma d’Ordine.
- 4.4 Salvo patto contrario, tutti i pagamenti devono essere effettuati tramite bonifico bancario in Euro.
- 4.5 Il Venditore può annullare gli Ordini successivi nel caso in cui l’Acquirente non rispetti i termini di pagamento per più di 20 (venti) giorni.

5. Consegna e rischi

- 5.1 I Prodotti saranno consegnati dal Venditore nel luogo e nelle date indicate nella Conferma d’Ordine.
- 5.2 Il Venditore non è obbligato a consegnare i Prodotti a meno che non sia stato effettuato il pagamento per la precedente consegna di Prodotti.
- 5.3 Il Venditore non sarà responsabile per eventuali perdite, danni o spese sostenute dall’Acquirente, o da qualsiasi altro soggetto, a causa di un ritardo nella consegna o nel ritiro dei Prodotti.

6. Passaggio della proprietà

- 6.1 Il Venditore manterrà la proprietà dei Prodotti fornito all’Acquirente fino al completo pagamento al Venditore del prezzo di acquisto dei Prodotti.
- 6.2 Fino a quando il titolo non viene trasferito all’Acquirente: (a) l’Acquirente possiederà i Prodotti unicamente come mandatario del Venditore; (b) l’Acquirente assicurerà i Prodotti contro tutti i rischi abituali fino all’intero valore di sostituzione e manterrà in custodia per il Venditore qualsiasi somma pagata dall’assicurazione ricevuta dall’Acquirente per i Prodotti; (c) l’Acquirente conserverà i Prodotti separatamente, chiaramente identificato come proprietà del

Venditore e in modo da consentirne l’identificazione e il riferimento incrociato a specifiche fatture ove ragionevolmente possibile; e (d) l’Acquirente non si impegnerà o consentirà che alcun vincolo, onere o altro gravame sorga sui Prodotti.

7. Garanzia

- 7.1 Il Venditore garantisce all’Acquirente che: (a) i Prodotti sono conformi alle normative indicate nell’Atto; (b) i Prodotti sono conformi alle Specifiche Tecniche indicate nella Conferma d’Ordine.
- 7.2 L’Acquirente garantisce che: (a) ha ricevuto informazioni adeguate in merito ai Prodotti per garantirne la sicurezza nell’uso e nello stoccaggio; e (b) assicurerà che i Prodotti siano stoccati e utilizzati correttamente.
- 7.3 L’Acquirente dovrà effettuare un’ispezione dei Prodotti alla consegna indicando sulla lettera di vettura e comunque su una specifica denuncia scritta da inviarsi via email al Venditore ogni difetto immediatamente riscontrabile derivante dallo stato dei Prodotti all’arrivo. In ogni caso l’Acquirente – non appena scoperto il difetto – dovrà darne specifica notizia scritta alla Venditrice entro 10 (dieci) giorni dalla scoperta.
- 7.4 Nel reclamo l’Acquirente dovrà includere il numero e la data della Conferma d’Ordine nonché le immagini e le descrizioni dei vizi. Le parti convengono che in caso di disaccordo sul difetto denunciato entrambe potranno sottoporre ad un ente terzo specializzato altamente qualificato la questione relativa alla non conformità dei Prodotti alle Specifiche Tecniche indicate nella Conferma d’Ordine. La valutazione tecnica del Laboratorio sarà vincolante per entrambe le parti.
- 7.5 L’Acquirente deve ottemperare a qualsiasi richiesta del Venditore in relazione alla restituzione dei Prodotti che si presume essere difettosa.
- 7.6 Se i Prodotti non sono conformi alla clausola 7.1(b), la responsabilità del Venditore nei confronti dell’Acquirente è limitata alla sostituzione del Prodotto difettoso a condizione che sia stato immagazzinato e utilizzato secondo le istruzioni del Venditore.
- 7.7 Nonostante qualsiasi altra disposizione delle presenti Condizioni, la massima responsabilità del Venditore nei confronti dell’Acquirente per violazione del contratto, negligenza o altro in relazione alle presenti Condizioni o ai Prodotti è limitata all’importo pagato o pagabile dall’Acquirente per i Prodotti da fornirsi in sostituzione dei Prodotti difettosi.
- 7.8 Nessuna delle parti sarà responsabile nei confronti dell’altra parte o di qualsiasi altro soggetto per danni diretti e/o indiretti e per danni derivanti da ogni perdita di utili, perdita di occasioni di affari o danno all’immagine.
- 7.9 Per quanto concerne l’imballaggio, in caso di packaging per private label con marchio dell’Acquirente, la quantità minima di imballaggi dovrà essere concordata per iscritto con l’Acquirente. In assenza il Venditore potrà stabilire una quantità massima di imballaggi. Il Venditore non è responsabile delle diciture scritte sugli imballaggi su istruzioni dell’Acquirente.
- 7.10 In caso di sospensione/interruzione della fornitura, i costi degli imballaggi sono a carico dell’Acquirente.

8. Informazioni riservate and Diritti di Proprietà Industriale

- 8.1 Nessuna delle parti può, senza il previo consenso scritto dell’altra parte: (a) divulgare Informazioni riservate a qualsiasi altro soggetto; o (b) utilizzare le Informazioni riservate per qualsiasi motivo diverso dal proseguimento del rapporto d’affari tra l’Acquirente e il Venditore, (c) salvo, ove richiesto dalla legge o dal regolamento di una borsa merci o dall’informazione dovuta alle autorità pubbliche finanziarie o altri consulenti aventi titolo.
- 8.2 Né il Venditore né l’Acquirente trasferiscono tramite le vendite alcun diritto, titolo o interesse relativo a diritti di proprietà industriale all’altra parte. A ciascuna parte è vietato utilizzare i diritti di proprietà industriale dell’altra parte (inclusi ma non limitati ai marchi) a meno che non sia autorizzato per iscritto dalla parte proprietaria.

9. Forza Maggiore

- 9.1 Il Venditore non sarà responsabile se il Venditore viene ritardato o impedito di consegnare i Prodotti, o di adempiere in altro modo a uno qualsiasi dei suoi obblighi contrattuali, a causa di qualsiasi causa o circostanza al di fuori del suo ragionevole controllo, inclusi eventi epidemici e/o pandemie, eventi naturali, tempeste, disastri naturali, atti di guerra o terrorismo, sabotaggio, atti di autorità governative o regolamentari, scioperi o altre controversie industriali, ordinanze del tribunale, guasto delle attrezzature o mancata consegna da parte dei fornitori del Venditore. Per effetto dell’evento, l’interessato avrà diritto alla sospensione o alla proroga dei termini entro i quali deve adempiere alle obbligazioni contrattuali, fermo restando che se la causa di forza maggiore si protrae per più di sessanta (60) giorni, il Venditore avrà il diritto di annullare qualsiasi ordine già in corso.

10. Miscellanea

- 10.1 Le presenti Condizioni, nonché l’Ordine e la Conferma d’Ordine effettuati dalle Parti, sono regolati dalla legge italiana.
- 10.2 Qualsiasi controversia derivante o connessa alle presenti Condizioni nonché all’Ordine e alla Conferma d’Ordine formulata dalle Parti sarà risolta mediante arbitrato ai sensi del Regolamento della Camera Arbitrale di Milano (il Regolamento), da un arbitro unico, nominato secondo il Regolamento. La sede dell’arbitrato sarà Milano, Italia. Nel caso in cui l’Acquirente abbia sede in Italia il Venditore si riserva il diritto di adire il Foro di Torino per qualunque controversia derivante o connessa alle presenti Condizioni.
- 10.3 Salvo quanto diversamente concordato per iscritto dalle parti, qualsiasi Accordo tra le parti, le presenti Condizioni, unitamente a qualsiasi Ordine accettato dal Venditore nella Conferma d’Ordine, costituiscono tutte le condizioni che regolano la vendita dei Prodotti dal Venditore all’Acquirente.
- 10.4 Nessuna delle parti può cedere tutti o alcuno dei propri diritti o obblighi ai sensi delle presenti Condizioni senza il previo consenso scritto dell’altra parte.

1.1 Definitions:

- “Act” means the Italian and U.E. Regulations concerning the technical standards and safety rules of the products;
- “Seller” means Idral S.r.l., having its seat in Via Isei 8/10, 28010 Gargallo (NO), Italy company who made and sell the products belonging to healthcare field as well as the product made on request and following the models indicated by the customers (hereinafter the “Products”);
- “Buyer” means any company which made the Order;
- “Conditions” means these terms and conditions;
- “Confidential Information” means any information which either party identifies as confidential but does not include information which is available in the public domain unless that information enters the public domain as a result of a breach of confidence by the other party being regulated in the present Conditions;
- “Intellectual Property Rights” means all intellectual property rights including current and future registered and unregistered rights in respect of copyright, trademarks, trade secrets, know-how, confidential information;
- “Order” means the document sent by the Buyer indicating the technical specifications of the Product requested to the Seller, the quantity, the price proposed from the Buyer to the Seller for the supply of the Products;
- “Order Confirmation” means the document sent by the Seller answering to the Buyer’s Order referring to the present Conditions, the technical specifications of the Products requested by the Buyer, the quantity of Products requested in the Order as well as the Price for the supply of the Products;
- “Technical Specifications” mean all the technical specifications relating to the type and quality of Products set out in its Order if accepted by the Seller in its Order Confirmation.
- “Delivery” means any shipment made by the Seller, during the year, in execution of the Order Confirmation following EXW Via Isei 8/10, 28010 Gargallo (NO), Italy, as defined by the Incoterms® ICC 2020 unless differently agreed in the order Confirmation;
- “Quality Certification” means the analysis made by an Italian high ranked laboratory in order to state that the Products is complying with the Technical Specifications agreed in the Order Confirmation in case of claim made by the Buyer;
- “Inspection” means any kind of inspection made by the Buyer in order to verify the compliance of the Products with the Technical Specifications agreed in the Order Confirmation.

2. Supply of Products and Conditions

- 2.1 The Seller agrees to supply and the Buyer agrees to purchase the Products on the terms and conditions set out in these Conditions.
- 2.2 These Conditions are regulating any Order made by the Buyer as accepted and integrated by the Order Confirmation made by the Seller in writing.

3. Orders

- 3.1 The Buyer shall submit an Order to the Seller for a definite quantity of Products indicating the price and the Technical Specifications required. All Orders must be accepted by the Seller with the Order Confirmation in writing.
- 3.2 A Seller quotation is not an offer to supply the Products referred to in the quotation. Unless the Seller has agreed to set price for specified periods of time, all quotations lapse 3 business days after issue and may be withdrawn or changed by the Seller at any time.
- 3.3 These Conditions will prevail to the extent of any legal inconsistency with any Order.

4. Price and payment

- 4.1 The price of Products will be as agreed in writing by the Seller in the Order Confirmation.
- 4.2 Unless otherwise agreed in writing by the Seller, the Seller is not allowed to change the price of Products agreed in the Order Confirmation unless it gives evidence of the increase of the raw material price for more than 5% (five per cent).
- 4.3 Subject to these Conditions, the Products supplied by the Seller must be paid following the term indicated in the Order Confirmation.
- 4.4 Unless otherwise agreed, all payments are to be made by bank transfer in Euros.
- 4.5 The Seller may cancel the Order in case the Buyer does not respect the terms of payment for more than 20 (twenty) days.

5. Delivery and risk

- 5.1 The Products will be delivered by the Seller to the place and on the dates set out in the Order Confirmation.
- 5.2 The Seller is not obliged to deliver Products unless the payment for the previous delivery of Products has been made.
- 5.3 The Seller shall not be liable for any losses, damages or expenses sustained by the Buyer, or any other party, due to a delay in delivery or collection of the Products.

6. Title

- 6.1 The Seller will retain the title of the Products supplied to the Buyer until the purchase price of the Products has been paid in full to the Seller.
- 6.2 Until the title passes to the Buyer: (a) the Buyer will hold the Products as agent for the Seller only; (b) the Buyer will insure the Products against all usual risks to full replacement value and hold any insurance monies received by the Buyer for Products on trust for the Seller; (c) the Buyer will store the Products separately, clearly identified as the Seller’s property and in a manner to enable them to be identified and cross-referenced to particular invoices where reasonably possible; and (d) the Buyer will not pledge or allow any lien, charge or other encumbrance to arise over the Products.

7. Warranties

- 7.1 The Seller warrants to the Buyer that: (a) the Products are complying with all Acts; (b) the Products comply with the Technical Specifications indicated in the Order Confirmation; and (c) it has all necessary licenses, consents and authorizations required to produce, package and supply the Products under these Conditions.
- 7.2 The Buyer warrants that: (a) it has received adequate information regarding the Products to ensure their safe use, handling and storage; and (b) it will ensure that the Products are properly used and stored.
- 7.3 The Buyer must make an Inspection of the Products on delivery and/or at Seller premises, indicating on the bill of lading and/or through a specific written claim to be sent by email to the Seller any defect of the product immediately found at the arrival. In any case the Buyer shall communicate the claim within 10 (ten) days from the defect discovery.
- 7.4 In its claim, the Buyer must include the Order Confirmation number and date as well as the pictures and descriptions of the defects. The parties concur that in case of a disagreement regarding the claim, both of them may submit the case to a specialized third party, to clarify the potential differences between the Products to the Technical Specifications indicated in the Order Confirmation. The technical evaluation of the Laboratory shall be binding for both parties.
- 7.5 The Buyer must comply with any request from the Seller in relation to the return of Products that are alleged to be defective.
- 7.6 If the Products do not comply with clause 7.1(b), the Seller’s liability to the Buyer is limited to replace the defective Products provided that it has been stored and packaged by the Seller directly or by the Buyer following the instruction of the Seller.
- 7.7 Despite any other provision of these Conditions, the maximum liability of the Seller to the Buyer for breach of contract, negligence or otherwise in connection with these Conditions of the Products is limited to the amount paid or payable by the Buyer for the Products to be supplied under these Conditions.
- 7.8 Neither party will be liable to the other party or any other person for indirect or consequential losses or damages and for any loss of profits, loss of business opportunity, costs and damage to reputation.
- 7.9 As far as the packaging for the private label sale is concerned, the minimum quantity of packaging and materials must be agreed in writing between the Seller and the Buyer. If not, the Seller shall fix a maximum quantity of packaging materials to be used. The Seller is not liable for the labels on the packaging which shall be made following the Buyers guidelines.
- 7.10 In case the Buyer hold on or cancel the Order, the packaging costs shall be at its own charge.

8. Confidential Information and Intellectual Property Rights

- 8.1 Neither party may, without the prior written consent of the other party: (a) disclose Confidential Information to any other person; or (b) use Confidential Information for any reason other than the furtherance of the business relationship between the Buyer and the Seller, (c) except where required by law or the rules of a stock exchange or disclosure to that party’s legal, financial or other advisers.
- 8.2 Neither the Seller nor the Buyer transfers any right, title or interest in any Intellectual Property Rights of the respective party to the other. Each party is prohibited from using the other party’s Intellectual Property Rights (including but not limited to trademarks) unless authorized in writing by the owning party.

9. Force Majeure

- 9.1 The Seller will not be liable if the Seller is delayed or prevented from delivering Products, or otherwise performing any of its contractual obligations, due to any cause or circumstance beyond its reasonable control including epidemic and/or pandemic events, acts of God, floods, storms, natural disasters, acts of war or terrorism, sabotage, acts of government or regulatory authority, strikes or other industrial disputes, court orders, breakdown of equipment or the failure by the Seller’s suppliers to deliver to the Seller. As a result of the event, the affected Party shall have the right to a suspension or an extension of the times within which he must fulfill his contract obligations, it remaining nevertheless understood, that if the unforeseen event extends for more than sixty (60) days, the Seller shall be entitled to cancel any order that is already in progress.

10. General

- 10.1 These Conditions as well as the Order and the Order Confirmation made by the Parties are governed by the Italian laws.
- 10.2 Any dispute arising out or related to these Conditions as well as the Order and the Order Confirmation made by the Parties shall be settled by arbitration under the Rules of the Chamber of Arbitration of Milan (the Rules), by a sole arbitrator, appointed in accordance with the Rules. Place of arbitration shall be Milan, Italy. Language Arbitration shall be English. In case the Buyer has its own seat in Italy, the Seller has the choice to make the claim to the Italian Court of Torino for any dispute arising of the present Conditions as well as the Order and the Order Confirmation made by the Parties.
- 10.3 Except as otherwise agreed in writing by the parties, any Agreement between the parties, these Conditions, together with any Order accepted by the Seller in the Order Confirmation, constitute all of the terms of the contract for the sale of the Products by the Seller to the Buyer.
- 10.4 Neither party may assign all or any of its rights or obligations under these Conditions without the prior written consent of the other party.
